Mayor and Town Commissioners:

I am pleased to submit to you the proposed budget for the Town of Rolesville for the fiscal year beginning July 1, 2014 and ending June 30, 2015. This budget has been prepared in accordance with the North Carolina Local Government Budget and Fiscal Control Act. The budget is balanced and identifies all revenue and expenditure estimates for the Fiscal Year (FY) 2014-2015.

The Town of Rolesville can call this year one of "growing pains". We are one of the fastest growing municipalities (percentage wise) in the State of North Carolina and must work hard to meet the ever changing needs of our citizens and businesses. Despite all of these challenges, there are a lot of positive things occurring in our municipality.

The revenue estimates for this current fiscal year (FY 13-14) appear to be even higher than anticipated. Not all Wake County municipalities can say that. Building permits exceeded expectations and even surpass the pre-recession numbers. The Town Department Heads have done an excellent job in curbing spending therefore being good stewards of the taxpayer's money. I can personally attest that we have employees who earnestly care and want this to be the best community in which to live, work, and play.

As in previous years, we strive to maintain an excellent level of customer service and provide programs to all. We want to expand those programs to meet the needs of our growing population. This proposed budget continues to place emphasis on maintaining the current levels of service while being conservative with revenue projections. As always, we strive to keep the tax rate and fee schedule as reasonable as possible in comparison to our municipal neighbors in Wake County.

The estimated total tax levy is \$2,450,000, and is within the North Carolina General Statute requirement that we use the existing collection rate of 98.89%. This is a 21% increase from the current general fund budget and it can mainly be attributed to the escalation of residential development and a positive economy. I am recommending that the tax rate remain the same at \$0.44 per \$100 of assessed value. The tax rate can be broken down into \$0.34 for Town services and \$0.10 for contracted fire services through the Rolesville Rural Fire Department.

This proposed budget includes all of the following items discussed at the Town Board's annual workshop held February 21, 2014:

- Three new staff members
- Three replacement Police Department vehicles
- Three new Police Department vehicles
- The engineering design plan for a future Town Hall campus
- Lighting of the baseball fields at Rolesville Middle School
- An update to the Parks and Recreation Department's Master Plan and Open Space and Greenway Plan
- An update to the Planning Department's Transportation Plan and Land Use Plan
- A replacement playground for Main Street Park
- Upgrade and replacement of the Police Department radios
- Resurfacing of Redford Place Drive
- Resurfacing of Wall Creek Drive

The town has always had a goal of recognizing the importance of maintaining a healthy level of unrestricted fund balance. This trend needs to continue but will be a challenge even more as the town grows and our needs increase. So as to be prepared, this budget includes a proposed fund balance resolution of 33%. That means that the town will always save at least 4 months of the current budget in reserves. Standards such as this will be a key to acquiring approval for financing through the North Carolina Department of Revenue's Local Government Commission (LGC) for future capital needs.

This budget has no cost of living adjustment (COLA) or merit increase for our full time employees. The Town of Rolesville employees work hard, are dedicated, and deserve an increase. I plan on researching and updating our pay and classification plan to bring our employee's salaries up to surrounding and comparable North Carolina sized towns. Once that has been completed internally, it will be presented to you for consideration. Insurance rates rose 17% because of the "*Patient Protection and Affordable Care Act*". This budget absorbs that increase as a provided benefit to our employees.

The bottom line is that the Town of Rolesville will take on the challenges ahead and emerge successful. I want to thank the Budget Committee, of Commissioner Whitaker and Commissioner Whitley, for their guidance in polishing the budget figures in anticipation of this presentation. Thanks also to Mrs. Amy Stevens, Mr. Thomas Lloyd, Mr. J.G. Ferguson, Chief Matthew Anderson, and Captain Bobby Langston for their time and input in the preparation of their respective departmental line items and financial expertise. This was definitely a team project and credit should be given where it is due.

Respectfully submitted,

Bryan Hicks  
Town Manager
