

5-3-2024

To Nearby Residents:

The Parker Ridge development project located near your property/home/business is beginning the blasting phase. Seismographs will be used in order to measure ground vibration and airblast levels. The schedule for each week's blasting is below.

- **Monday – Friday**
- **Blasting – between 10:00am & 12:00pm**
- **Blasting – between 1:00pm & 3:00pm**
- **Times might be adjusted due to inclement weather.**
- **A siren or air-horn will be sounded before each blast.**
- **No blasting will be conducted on weekends or State/Federal holidays.**
