Reference: Rezoning of property on Rogers Road

Dear Mr. Wilson:

The purpose of this letter is to notify you that on August 16, 2005, the Town of Rolesville Board of Commissioners amended the zoning map for the property you own along Rogers Road. The area (as a crosshatched and seen below) was rezoned to CO-SUD (Commercial Outlying – Special Use District).

This is related to Case Number MA05-04 as filed at Rolesville Town Hall. With the area being a special use district, any development and improvements to the property must first obtain special use permit approval from the Town of Rolesville Board of Commissioners.

If you should have any questions, feel free to give me a call at 556-3506.

With respect;

Bryan Hicks
