# WMCPA – ROLESVILLE, WENDELL, ZEBULON WATERSHED MANAGEMENT CONSTRUCTION PLAN APPROVAL

	1.	A mandatory preconstruction meeting is required between the owner, contractor, and Wake County prior to issuance of the Stormwater and Land Disturbance Permits. Please call to schedule this meeting at your	
		convenience. Please contact Jeevan Neupane at 919-819-8907 to schedule the preconstruction meeting.	
	2.	Grading, other than for installation of soil erosion and sedimentation control measures, is prohibited prior to	
		the issuance of a Certificate of Compliance. [10-30-7(D)]	
	3.	Contractor shall follow plans strictly and maintain contact with Wake County prior to making any field	
		modifications to erosion and sediment control devices. No devices shall be removed without prior approval	
		from Wake County.	
		Wake County's sedimentation pollution control program is performance oriented, requiring protection of the	
		natural resources and adjoining properties. If at any time during the project it is determined that the Erosior	
	4.	and Sedimentation Control Plan is inadequate to meet the requirements of the Erosion and Sedimentation	
		Control Ordinance of Wake County, this office may require revisions in the plan and its implementation to	
		ensure compliance with the Ordinance.	
		As of April 1, 2019, all new construction activities are required to complete and submit an electronic Notice c	ed to complete and submit an electronic Notice of
		Intent (eNOI) form requesting a Certificate of Coverage (COC) under the NCG010000 Construction General	
		Permit. After the form is reviewed and found to be complete, you will receive a link with payment instructio	e, you will receive a link with payment instructions

# WMCPA – ROLESVILLE, WENDELL, ZEBULON WATERSHED MANAGEMENT CONSTRUCTION PLAN APPROVAL

		Agents and officials of the County will periodically inspect land-disturbing activities to ensure compliance with the North Carolina Sedimentation Pollution Control Act, this article, or rules or orders adopted or issued pursuant to this article, and to determine whether the measures required in the erosion and sedimentation control plan are effective in controlling erosion and sedimentation resulting from land-disturbing activity.			
	$\boxtimes$	c.	Any land-disturbing activity will be the responsibility of the person(s) conducting the land disturbing activity, including the property owners. Failure to prevent off site sedimentation will be deemed a violation of the erosion and sedimentation control regulations of this article.		
	18.	15A NCAC 2B.0714 – Due to the location of this project, it should be noted that a rule to protect and maintain existing buffers along watercourses in all of Wake County became effective in 2006. The Neuse River Riparian Area Protection and Maintenance Rule applies to all perennial and intermittent streams, lakes, ponds and estuaries in Wake County with forest vegetation on the adjacent land or "riparian area". In riparian areas with existing forest vegetation in the first 30 feet directly adjacent to the stream, the rule prohibits land disturbance,			
Wake County Watershed Management Section is not responsible for subject approvals of other Local, State or Federal Agencies. The subject approvals are (but not limited to) conditioned upon compliance with Federal Emergency Management Area Flood regulations/requirements, Division of Water Quality under stormwater or other water quality regulations/requirements, U.S. Army Corps of Engineers under Article 404/401 (Wetlands/Streams) jurisdiction/requirements, and/or any Federal and State water quality laws, regulations, and rules, and County and Local municipal regulations or permit requirements. The approval issued in this letter cannot supersede any other required permit or approval.
