

REZONING AND ANNEXATION OF PROPERTY CONSISTING OF +/- 93.609 ACRES,  
LOCATED SOUTHWEST OF THE JONESVILLE ROAD AND UNIVERSAL DRIVE  
INTERSECTION, IN THE TOWN OF ROLESVILLE

REPORT OF MEETING WITH ADJACENT PROPERTY OWNERS AND TENANTS ON  
JULY 12, 2022

Pursuant to applicable provisions of the Unified Development Ordinance, a meeting was held with respect to a potential rezoning and annexation with adjacent neighbors on Wednesday, July 12, 2023, at 6:00 p.m. The property considered for this potential rezoning totals approximately 93.609 acres, and is located along southwest of the Jonesville Road and Universal Drive intersection, in the Town of Rolesville. This meeting was held at virtually via a Zoom Meeting. All owners and tenants of property within 500 feet of the subject property were invited to attend the meeting. Attached hereto as **Exhibit A** is a copy of the neighborhood meeting notice. A copy of the required mailing list for the meeting invitations is attached hereto as **Exhibit B**. A summary of the items discussed at the meeting is attached hereto as **Exhibit C**. Attached hereto as **Exhibit D** is a list of individuals who attended the meeting.

## EXHIBIT A – NEIGHBORHOOD MEETING NOTICE

To: Neighboring Property Owners and Tenants  
From: Samuel Morris  
Date: June 23, 2023  
Re: Virtual Neighborhood Meeting for Annexation and Rezoning of Harris Creek Farm (f.k.a. 4928 Universal) (ANX 22-05 & MA 22-08)

You are invited to attend a virtual meeting to discuss the proposed annexation and rezoning of Harris Creek Farm (f.k.a. 4928 Universal) (ANX 22-05 & MA 22-08). We have scheduled an informational meeting with surrounding neighbors on Wednesday, July 12, 2023 from 6:00 PM until 7:00 PM. This meeting will be held virtually. You can participate online or by telephone.

**Meeting ID:** 871 7347 4235  
**Password:** 922539

The purpose of this meeting is to discuss the proposed annexation and rezoning of Harris Creek Farm (f.k.a. 4928 Universal) (ANX 22-05 & MA 22-08). The property assemblage totals approximately 93.609 acres in size and is located southwest of the Jonesville Road and Universal Drive intersection.

The property is currently zoned Residential-30 (R-30) under Wake County zoning. The proposed rezoning would change the zoning to Residential Medium Density Conditional Zoning and Residential High Density Conditional Zoning (RM-CZ & RH-CZ) under the Town of Rolesville zoning. The purpose of the rezoning is to allow for the development of single family homes and townhomes.

The Town of Rolesville requires a neighborhood meeting involving the owners and tenants of property within 500 feet of the properties during the rezoning process. After the meeting, we will prepare a report for the Planning Department regarding the items discussed at the meeting.

Please do not hesitate to contact me directly if you have any questions or wish to discuss any issues. I can be reached at 919.780.5438 and [smorris@longleaflp.com](mailto:smorris@longleaflp.com). Also, for more information about the rezoning, you may visit <https://www.rolesvillenc.gov/projects/harris-creek-farm-fka-4928-universal> or contact the Town of Rolesville Planning Department at 919.554.6517.

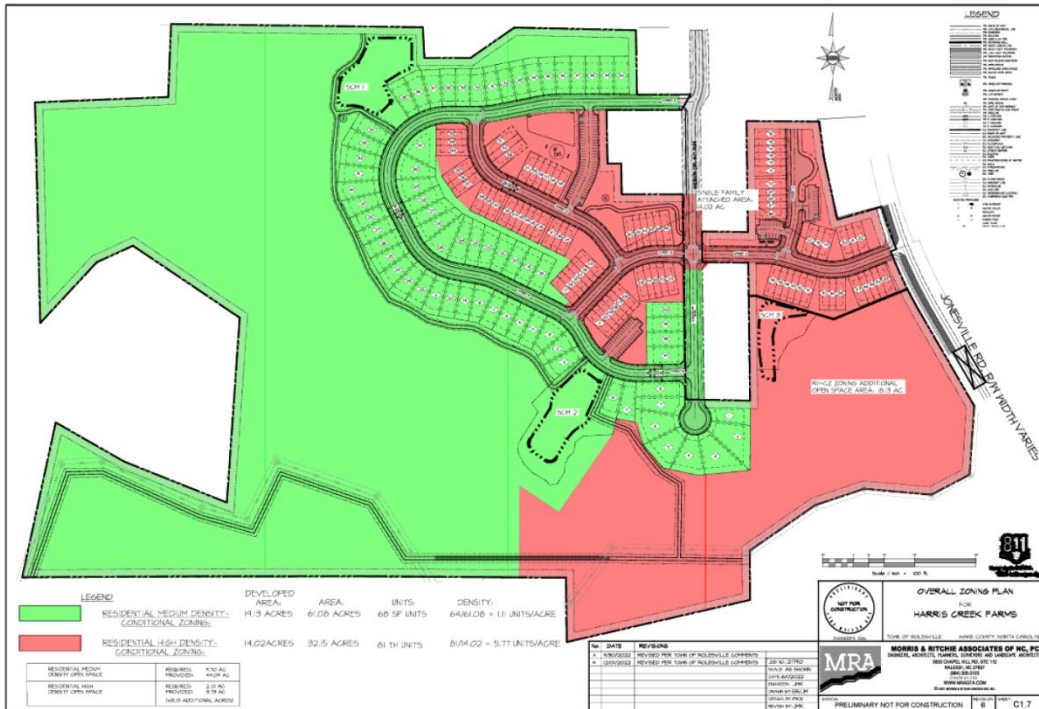

Attached to this invitation are the following materials:

1. Subject Property Current Aerial
2. Proposed Zoning Map

## EXHIBIT C – MEETING MINUTES

- Samuel Morris, an attorney with Longleaf Law Partners introduced himself and the development team, The CSC Group.
- Attorney asked all telephone callers to comment their names in the chat.
- Attorney and development team gave a presentation regarding the following:
  - Rolesville conditional rezoning process
  - Description of the subject property
  - Current zoning of the property and existing conditions
  - Future Land Use Map and other applicable policy guidance
  - Proposed rezoning and concept plan
- Following the presentation, the meeting opened up for Q & A:
  - What is proposed timing for construction to start on the development?
    - Developer and attorney explained the typical rezoning timeline with development plan and permits, construction would not occur for well over a year.
  - Would you have plans to do with the area that isn't a part of development?
    - Developer explained that wetland and southern land will remain the way it is (no development).
  - How do we plan to avoid pollution from construction to the wells?
    - Developer and engineer explained the necessary precautions in the construction process and state level regulations. Wells are likely so deep that our development (which does not use wells) would not affect.
  - What about the blacktop water runoff and drying wells?
    - Engineer explains storm drainage system and pond that will be on site – state mandated process that requires permit from town to avoid flooding downstream properties.
  - Worried about runoff into Watkins Pond – What guarantee that it won't be affected?
    - Engineer explains codes and state mandated permits required to help control effects to the pond. Municipality will also come out to inspect site and silt fence.
  - Who is the Developer on this project?
    - Attorney explained that The CSC Group was the developer.
  - What is the price point of the townhomes and single-family homes?
    - Developer explained potential projections on cost per unit for townhouses and detached units. Do not have final pricing due to potential market changes.
  - Will there be any fencing along private properties to the south? Worried about people passing through to private property with greenways. Worried about “higher quality resident.”
    - Developer and attorney explained this project does not propose fencing due to where the wetlands are. Town of Rolesville will have public easement regarding the greenway – it is up to the Town of Rolesville regarding fencing. Unlikely due to natural features.

- What is going to happen to the property that is not accessible from the road and is not in the wetlands? Will this ever be developed?
  - Developer explains it will not be developed and remained untouched according to the plan. If approved, units will cannot be added later to this plan without coming back through the process.
- Will the land owner that is located along Gideon Drive be able to access the road?
  - Attorney and developer explained that they will have access in and out as it is today. It will be a public road.
- Does this project have anything to do with the greenway plan?
  - Attorney explained that we do not have control of the overall greenway development. We only control the proposed greenway portions on our property.
- Concerns expressed that diesel fuel associated with construction will get into the Watkins Pond.
  - Engineer explained that the control of the fuel tank will be mandated at a state level by the contractor – this is handled at the construction phase.
- Is the town mandating the developer to address the traffic concerns?
  - Attorney and Developer explained that a Traffic Impact was done by Ramey Kemp. The NCDOT signed off on this. Based on increased trips and conditions on site they make recommendations on monitoring and approved intersections. The results will be included in the request. The Town of Rolesville contracts that traffic engineer and the developer and are not associated with the developer
- Are there plans to pave Universal Dr as well as Gideon?
  - The town is requiring developer to pave all of Gideon Drive, not Universal
- Concerned about increased traffic load on Universal Drive.
  - Developer explained access points to the development and town requirements. Primary access to this development will be on Jonesville Road.
- Will Universal not be eligible for paving as part of this project?
  - Engineer explained it has not been required by the town to be paved for this development because it does not own/control Universal Drive. It is not a private road controlled by the church.
- Who sends out the meeting notifications for the Town of Rolesville public hearings?
  - Attorney explained the notices will be coming from the Town of Rolesville. Mailed and signs are typical notification types as well as posted on their website.
- Will there be an HOA with this development?
  - Developer explained there will be an HOA that will maintain open areas as well as amenities.
- Where will the amenities be located within the development?
  - Engineer explained what amenities they are expecting to create and location of same.
- What type of barriers do you see with the proposal plan?
  - Attorney explained that the team have met with staff and made modifications to address most concerns and explained how the proposal conserves large amounts of natural land and furthers policies and overall plan for the Town of Rolesville.

- If the church wanted to pave Universal Drive, could it be paved? Do we need to request it be paved with the Town of Rolesville?
  - Attorney explained that yes that a private road can be generally repaved subject to the Town's relevant development regulations.
- Residents on Jonesville Road – Concerned about safety on this road for children and sidewalks. How do we get sidewalks put in on that road?
  - Attorney and engineer explained improvements can only be made on our property. We can not take other people's property to create sidewalks. We are only required to improve the roadway along our own frontage. We are building roadway and sidewalk on our portions of the road, which will contribute to Jonesville Road becoming safer.
- Will school busses be stopping on Jonesville Road or will it go into the development? Will the roads be able to accommodate this?
  - Engineer and developer explained the education department will be making that decision later on in the process. We have not control/make on that decision but would expect the safest and most reasonable location would be chosen.
- Has any analysis been done regarding any wildlife in the wetlands on the property?
  - Attorney and engineer explained the open space requirements as well as the other preliminary environmental analysis that are required. The development will be predominantly be taking place in the already cleared areas.
- What measure will be taking place for privacy to neighboring properties? Will there be n natural buffers?
  - Attorney, developer ,and engineer explained the open space areas and that they will keep trees near developed areas where they can. There will be vegetative buffers and open space around property line.
- Is there a sidewalk plan along the eastern portion of Gideon Drive?
  - The engineer explained the town street requirements will require sidewalk improvements along Gideon.
- What is the architectural design for the homes in the development?
  - Developer explained that they will be typical colonial type design that generally matches other developments in the area. This will not be mandated affordable housing but also will not luxury, will be market rate housing.
- Neighbors expressed concerns that market rate homes are not in line with others in the area – they are too inexpensive compared to the older homes in the area. Worried about property value decreasing based on this development.
  - Developer and attorney explained that the prices of the homes will change in the future based on market rate. It depends on what the market will be like in the next 3-5 years. There will be a range depending on the home type (townhomes and single family).
- Is there a date on the next meeting?
  - Attorney and developer explained that there has not been a meeting set yet. Planning Board meeting will occur sometime in the coming months. You should receive notice.
