## REVIEW COMMENTS:

### Site Utility Plan – C4.0

1. S-5375 is the assigned permit number for this project. This number should be included in all of the applicable permit blocks.  
**Response: S-5375 has been added to the applicable permit blocks.**
2. Please email me for the development review fees associated with this project. These fees must be paid prior to signatures.  
**Response: Email coordination sent on October 30, 2023.**

### Site Utility Plan – C4.1

1. These elevations should be obtained prior to CD approval because if the assumed 3' of cover is not actual, this sewer extension may not be viable unless the gas line is relocated.  
**Response: SUE was completed by Inframap on 10/19/2023. Actual elevations have been updated on the plans and profile views.**
