

My Hero Essay

By: Savannah Stanley, 4th Grade, Richland Creek Elementary

I love my mom! She is basically my real life hero. She is always there for me, she's helpful, and she answers my questions. I know, I know, she's amazing! I'm sure you have a hero too! My mom is always on top of it. It's like she has a million arms!

Anyway, when I get hurt, she is always there for me. When I cry, there she is again! Even when I do something silly and I fall, she's there. I think you get it. She's always there for me.

She's also helpful! For example, when I need help on my homework, she explains it to me. When I fall, she comforts me. Even when I'm sick, she watches tv with me and takes me to the doctor. Yup, that's how great she is!

And after all that, she answers my questions! When it's a silly question, she still helps me figure it out. When I need help on doing something new and I have a question, she runs me through how to do it. How does she do it all?

She even cares about me, and she puts love into everything she does for me. She asks me if I need water every night. even when she is super tired. She packs my lunch every single day, she cares about me, and she makes sure that I am healthy and protected. She is really the best mom ever!

She cares about me not just because she loves me, but because she wants to take care of me and she loves me. I don't think I would be who I am today if I didn't have her in my life. She is always the star of the show. I know that my mom is the best mom ever! The things she does for me aren't things that she must do, but they are things that she wants to do for me.

All I'm trying to say is that she is great! She is my hero! She's helpful, there for me, and answers my questions! Remember, your hero can be anyone or anything. I hope you have an amazing hero. This is why I chose my mom as my 9-11 hero.
