

STRATEGIC PLAN 2020–2022

Introduction

Strategic planning helps a community identify priorities, envision the future, and create a plan of action for achieving that desired future. This strategic plan will help the Town of Rolesville define a path for moving forward collectively. This plan will support the Rolesville Mayor, Board of Commissioners, and town staff with connecting important decisions to an identified strategy and guiding vision. A strategic plan is an important way for elected officials and members of the community to communicate with one another regarding the Town's priorities and vision for the future.

As a guiding document, the Strategic Plan outlines the operating guidelines for the organization as a whole. Various terms and phrases are associated with key elements of this plan, and it is important to understand what each of these terms mean within the context of this Strategic Plan.

The **VISION STATEMENT** is an aspirational description that serves as a clear guide for choosing current and future courses of action.

The **KEY FOCUS AREAS** are broadly defined areas that provide structure for the plan.

The **GOALS** are high-level statements that capture the priorities for the next two to three years.

The **MISSION STATEMENT** describes the essential reasons for the existence of the organization.

The **CORE VALUES** represent the values upon which the organization bases its decisions.

Vision

Genuine community thrives in Rolesville as we seek to build a place that is focused on walkability, with connections to parks, greenways, and gathering spaces.

Rolesville has a rich history and a genuine community feel that makes our town unique. Neighbors connect with each other at recreation programs and local parks, and they use playgrounds and trails throughout the year. It is a safe place to live, and quality planned communities offer a wide variety of home styles and price choices. The vision for a charming downtown features areas to walk to quaint coffee shops, breweries, and locally owned shops. Several times a year the Town attracts regional visitors to annual events, concerts, and festivals. Mixed use land development along the downtown core makes Main Street a genuine destination. All of this is within a short drive to the Capital City—Raleigh.

GRAPHICS PARTNERSHIP

As the strategic plan neared completion, major elements of the plan were shared with the Strategic Communications Division of the UNC School of Government. A graphic design team from this division used the Town of Rolesville's branding guide to develop a flexible brochure that can be presented as an informational flyer or as a poster. The work to develop this brochure was beneficial for both the Town of Rolesville and the UNC School of Government's Center for Public Leadership and Governance (CPLG). The CPLG team desired to use the experience working with the Town of Rolesville to create a graphic template that could be duplicated for future strategic planning work with other communities.

IMPLEMENTATION OF THE STRATEGIC PLAN

Moving forward, the Rolesville Mayor and Board of Commissioners and Town staff are committed to keeping this Strategic Plan alive and to making the vision become a reality. This effort will require effectively communicating the plan, regularly referencing the plan during decision making, and tracking progress on the completion of its Initiatives. Additionally, Town staff intend to incorporate the Core Values into a new performance evaluation system for employees. These steps will help to embed the Strategic Plan and its guiding vision into the daily work of the Town of Rolesville.
